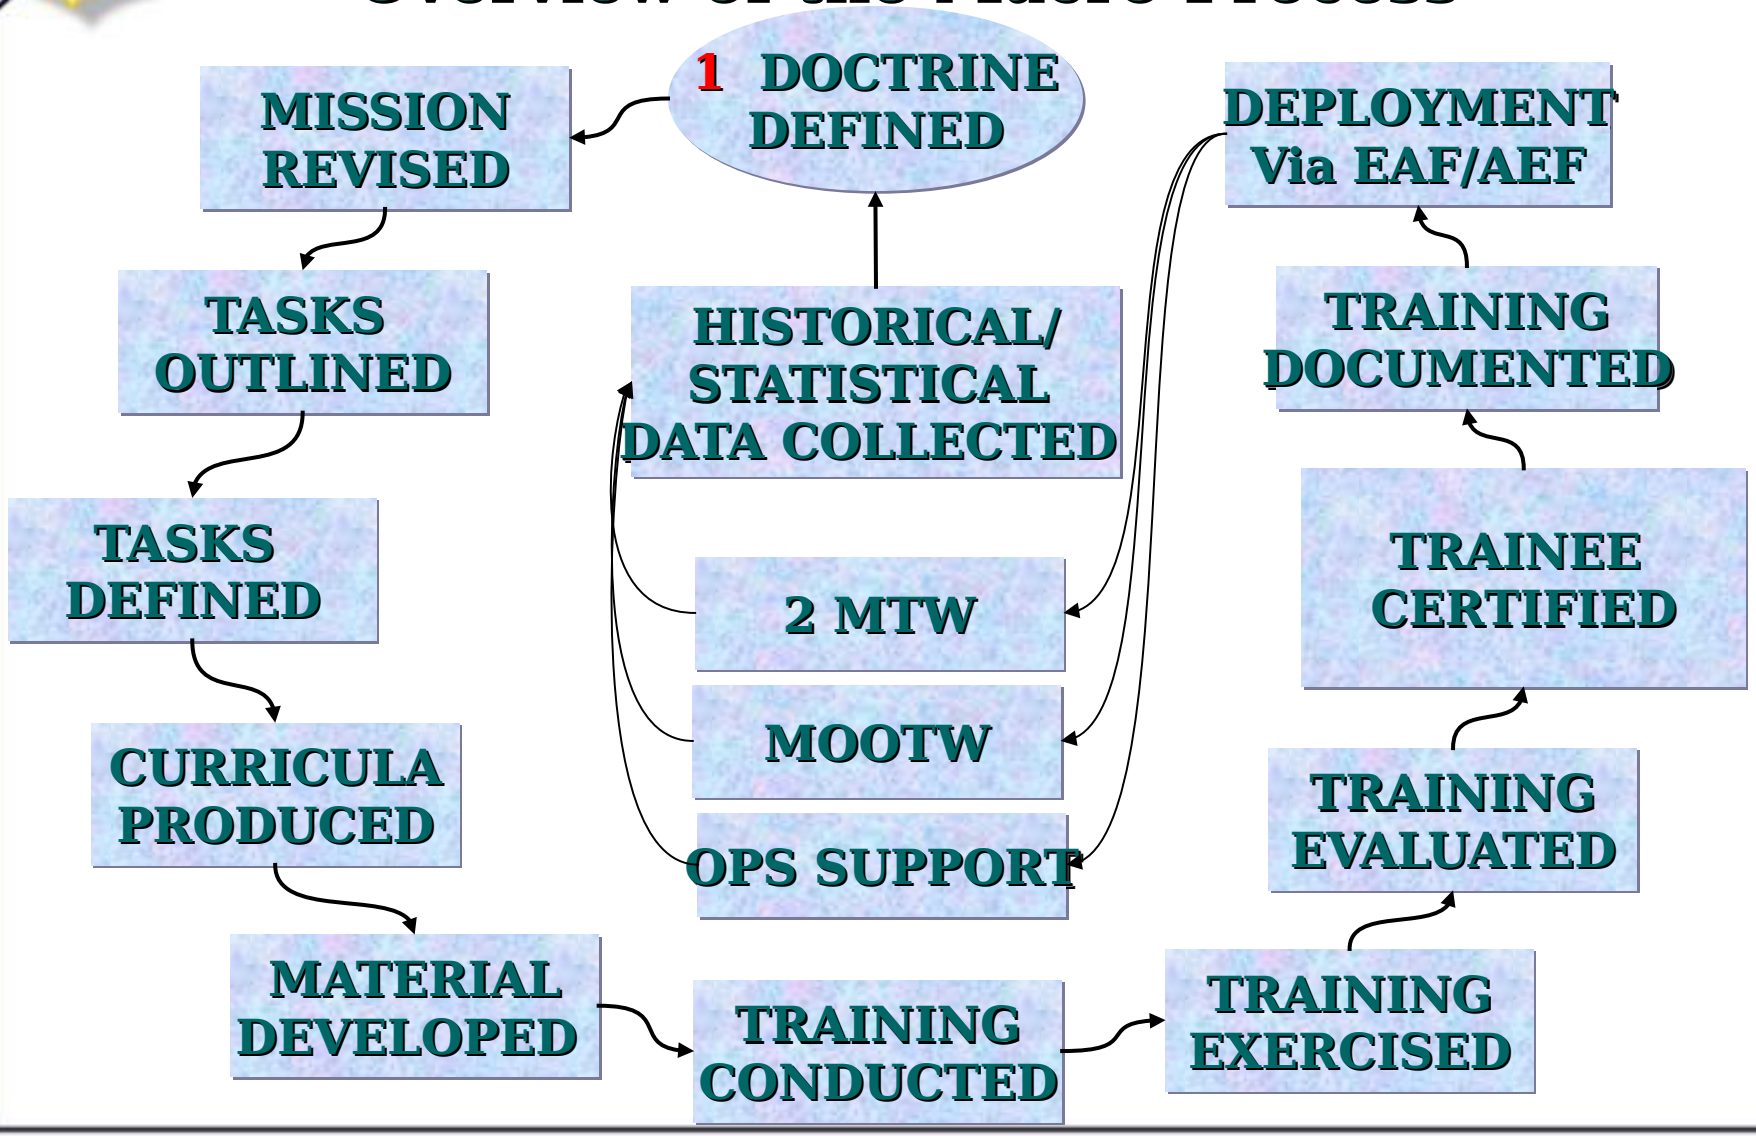
Overview of the Macro Process



DISTRIBUTIVE LEARNING INITIATIVES

CDCs (Subject knowledge)

Paper Enhanced with Plastic

AFQTPs (Task Knowledge)

Paper/Plastic/Video

CerTest (Evaluation platform)

Renovated version--Visual Basic

Operation SPARC

- The CE training community needs a "SPARC," or a Systematic Paper Reduction Campaign to orderly reduce our high paper usage.
- This timely systematic approach gives our customers the opportunity to adjust from a world of paper into a culture of plastic.
- The high costs associated with printing, handling and distribution of paper products demanded a more prudent approach to deliver training.
- The high volume of paper products needed to conduct and manage training could no longer be ignored.
